A. Are other funds leveraged with the requested funds?
Yes: No: X If yes, please identify the amounts and sources for all leveraged funds.
Amount <u>\$</u> Source:
Amount <u>\$</u> Source:
B. This grant requires a 25% cash or in-kind match. Please describe in detail:
a) type (cash or in-kind); b) Source of match; c) Amount, and how it will be documented.
The Lansing Housing Commission will report eligible in-kind match by using the value of real property, equipment, goods and services on a semi-annual basis.
C. Does/Will the agency follow the Orders of Priority as defined in CPD-16-11 (See Exhibit A of this application)? Yes: X No:

D. How many households will be housed during the funding year? __70____

Part II: Narrative Please be concise. Use bullets where possible.

1. Describe the **target population** for the Project. Specifically identify <u>who</u> the project will serve. i.e. individuals; families; chronic; Special populations. What is the **average acuity** level?

If the Project has admission preferences for different sub-populations, please explain.

The Lansing Housing Commission intends to provide rental assistance to 68 hard-to-serve homeless individuals with disabilities and 2 hard-to-serve chronically homeless (two-person) families with disability issues with a Housing First approach. Through community partnerships each participant is provided case management to address mental and physical health, substance abuse, financial and employment barriers. Case managers provide a wraparound approach to achieve and maintain stability. By utilizing referrals through the CEA, the Lansing Housing Commission is able to prioritize individuals for housing.

- 2. Provide examples of how the **Project outcomes** will contribute to improving the CoC's system-wide performance, as measured by HUD's system performance measures below:
- Reducing the length of time people are homeless
- Increasing discharges to permanent housing
- Preventing returns to homelessness (reducing recidivism)
- Increasing client income

The goal is to provide 12 months of housing and 12 months of case management services in order to eliminate the continuous cycle of homelessness and improve the stability of a vulnerable population. Mainstream resource participation is part of the strategic action plan to end homelessness.

3. Using Exhibit B-Describe the Project's implementation of the **Housing First** approach. Include 1) eligibility criteria; 2) process for accepting new clients; 3) process and criteria for exiting clients as it pertains to substance use, income, criminal records (with exceptions for restrictions imposed by federal, state, or local law or ordinance), marital status, familial status, actual or perceived sexual orientation, gender identity. Include descriptions of program policies and procedures to address situations that may lead to termination. How will the project assist clients in finding decent housing?

The goal of the Lansing Housing Commission is to provide safe, affordable housing options. This grant would allow for the Lansing Housing Commission to continue providing these housing services to a vulnerable population.

Once housed, participants are able to receive wrap around service provided through the established community partnerships which leads to stable permanent housing. These services include: The development of a personalized develop plan with agreed upon goals and objectives, evaluation of personal needs, physical, mental and dental health assessments, securing an income source, along with short and long range goal planning.

4. Explain how the needs assessment process ensures that participants are directed to appropriate services. How are participants connected to mainstream resources? Are there MOUs or letters of commitment? (These must be dated between May 1, 2019 and September 30, 2019.) Include collaborations with other programs or agencies. For renewals, how successful have these collaborations been?
(See Mainstream Resources definition in glossary)

The Lansing Housing Commission currently has an MOU, in place, with Advent House Ministries which provides case management and supportive services. Advent House Ministries works with participants to create a personal action plan after meeting with the individual and assessing challenges on the mental health spectrum and review health challenges. Based on these assessments participants are referred to and assisted with following thru on selecting housing options, medical and dental care, educational development, legal assistance and job training. They also address individual needs such as problem solving, money management and life management skills. In developing a plan to address individual needs the goal is always to utilize mainstream (third party funded) resources to accomplish the plan objectives. The Advent House Ministries contract along with many other community based partnerships will help to provide stable housing which is necessary to end the cycle of homelessness.

5. How will clients be assisted in maximizing their ability to live independently? What **criteria** are used to evaluate participants' readiness to "graduate" or **transition** from the project to other permanent housing?

Advent House Ministries will evaluate the participants personalized develop plan with agreed upon goals and objectives to determine if goals and outcomes have been met along with evaluating current rental history.

6. CoC policies require that participants be **referred from the Coordinated Entry Agency** (CEA). What is your estimate of the % of referrals you accept from the CEA? Please explain how you track/verify this information.

All program referrals come from the CEA. LHC collaborates with the CEA as the initial point of entry for screening, SPDAT scoring and evaluation to determine eligibility for participation in the Permanent Supportive Housing Program.

7. How will the project **engage those with the most severe needs or vulnerabilities**, **disabilities or limited English proficiency** per the CRHC CoC/HUD prioritization policy? Describe any Outreach efforts. Reaching participants throughout the County that may not otherwise have known of the Project?

All referrals through the CEA are calculated using the SPDAT assessment tool. CEA refers households based on established program priorities

8.	Are there any outstanding Civil Rights matters, delinquent Federal debts, debarment or
	suspensions from doing business with the federal government? Yes No_X
	Approved Code of Conduct is on file with HUD? Yes _X No
	Please explain your response. (50 words or less)
