

City of Lansing and MSHDA ESG-CV Funding

Purpose: These special **ESG-CV funds** are to be used to prevent, prepare for, and respond to the coronavirus pandemic (COVID-19) among individuals and families who are homeless or receiving homeless assistance.

Funding priorities

- 1) Support COVID-related shelter operations in adherence to CDC guidelines, including sheltering of populations vulnerable to complications from COVID-19, as defined by the CDC, in non-congregate settings, PPE, cleaning supplies, etc. (ESG-CV funds should only be used for non-FEMA eligible households.)
- 2) Support temporary shelter expenses not covered by other sources (As a low-barrier shelter for people who are unsheltered)
- 3) Prevent evictions for households at risk of homelessness targeting those with incomes between 31-50% AMI
- 4) Rapidly Re-house households, prioritizing: 1) people at high-risk for complications from COVID in temporary or non-congregate shelter, 2) vulnerable populations in shelter, 3) others experiencing homelessness. Outreach and engagement to landlords to strengthen relationships and enhance understanding of housing assistance resources.
- 5) Prevention, Rapid Re-housing, or Shelter programs will provide housing-focused case management and create action steps for housing plans.
- 6) Implementing diversion practices across the shelter system to reduce demand for shelter beds including prevention/housing assistance to people in doubled up situations that meet the homeless category 2 – at imminent risk of homelessness criteria

CoC Approved Allocations per ESG service component for City and MSHDA Round Two funds
